Arvind Prajapati

> SOFTWARE ENGINEER

01 PROFILE

Software engineer with nearly two years of hands-on experience on an engineering team, building and supporting production web applications. Comfortable with front-end development in React and JavaScript, and experienced in collaborative, deadline-driven environments. Quick to learn, dependable, and focused on delivering clean, working software.

>_ WHAT DRIVES ME

I don't just build with AI — I think with it.

Beyond writing code, I use AI as a thinking partner — automating repetitive work, mapping product roadmaps, defining core features, analyzing competitors, and extracting the knowledge that sharpens our niche and decisions. That frees me to focus on the problems that actually move a product forward.

02 EXPERIENCE

Software Engineer Trainee

Jul 2024 – May 2026

Techindo Systems Pvt. Ltd. · Navi Mumbai, Maharashtra

- Contributed to the Engineering team's development goals across the full product lifecycle, from feature build to ongoing support.
- Built and maintained responsive web interfaces using React and JavaScript, translating designs into reliable UI components.
- Managed assigned tasks independently and consistently delivered to a professional standard within deadlines.
- Collaborated through Git and GitHub for version control and code review alongside fellow engineers.

03 EDUCATION

Pursuing

B.Sc. — Computer Science, Mathematics & Physics

U.P. Rajarshi Tandon Open University (UPRTOU), Prayagraj

First year completed · Dec 2023

2023

Intermediate (Class XII) — Science (PCM)

U.P. Board (UPMSP) · Shri Devdhari Yadav Inter College, Deoria

52.2% · 261/500 · Second Division

2021

High School (Class X)

U.P. Board (UPMSP) · Ram Kanhaiya H.S.S., Haraiya Basantpur, Deoria

~84% · 505/600
